## OSTEOPATHY

From its name, it might be inferred that Osteopathy deals only with the adjustments of the bones. This idea is erroneous. Muscles, ligaments and various organs are dealt with in regard to position, relation and size. Osteopathy is not Massage, but a drugless method of removing the cause of the disease by careful readjustment, thereby establishing structural harmony.

## Fort Shafter Notes

[Special Star-Bulletin Correspondence]  
FORT SHAFTER, April 8.—Lieut. Col. E. Dentler, homeward bound by the Thomas, was a visitor in the post on Monday afternoon. Col. Dentler has been assigned by recent orders of the war department to the 23rd Infantry, that is stationed at present at Texas City but will not join that regiment for duty until the expiration of the two months' leave that has been granted him by late orders.

Capt. William D. Davis of the 5th Infantry, who stands at the head of the list of captains of infantry, will receive his promotion to a majorship upon the advancement to colonel of Lieut. Col. Harry C. Hale. The new field officer will probably not be assigned to the 2d Infantry in the place of Major Smith since he is now on foreign service with the 5th Infantry in the Canal Zone, but the vacancy in the 2d will likely be filled by the assignment to the regiment of some major who is due for foreign service. The promotion of Lieut. Col. Hale leaves Lieut. Col. E. P. Taggart at the head of that grade and Maj. George B. Duncan, now of the general staff, at the head of majors of infantry. With the retirement of Col. Willis P. May that took place March 25, promotions in the infantry in the grade of field officers would appear to be prospectively at a standstill until the retirement of Col. Frank B. McCoy of the 30th Infantry, which will not take place until late in the fall of this year.

The fortnightly hop of the garrison that was postponed on account of Holy Week and the submarine disaster as joint influences, will take place tomorrow night and it is expected that the attendance will be notable in size. Dancing will commence at 8:30 and continue until midnight. The hop as is the rule at the post will be informal in nature. On the following night the benefit masked dance given by the ladies' auxiliary of the Spanish War Veterans will take place and the advance sale of admission tickets promises that the affair will be largely attended and result in a substantial sum to be turned over to the fund for the benefit of the widows and orphans of P. 4. The masquerade will be held in the post hop room and dancing will commence at 8 o'clock. The orchestra of the 2d Infantry band in full force will provide the music for the occasion.

The following list shows the latest promotions and appointments in the grade of non-commissioned officers in the 2d Infantry: In Company C, Pvt. Julian E. McLendon has been appointed corporal, vice Strother, reduced. Company G, Cpl. John Muntean has been promoted to sergeant vice McDougle, discharged, and Pvt. Lloyd F. Kirby, Christ M. Heintz and James C. Curry have been appointed corporals vice Muntean, promoted; McDougle, discharged and Harman, discharged, respectively. In Company K, Cpl. Joseph Peebles has been promoted to be sergeant vice Dills, discharged, and Pts. Robert B. Meyers and Louis B. Krauss have been appointed corporals vice Peebles, promoted and McVe, discharged.

Lieut. Ira Longanecker having nearly completed the required four years' tour in Hawaii, has been ordered relieved from duty with the 2d Infantry and will proceed to San Francisco, reporting on arrival there to the commanding general, Western department. This change in Lieut. Longanecker's status will take place after June 1. To fill the vacancy caused by this transfer Lieut. Alfred H. Hobley has been assigned to the 2d Infantry. This officer has lately been on duty with the Ordnance Corps.

By a memorandum from post headquarters it is announced that there will be firing every Sunday until further notice on the post target range and all persons are warned from trespassing on the range during the continuance of the firing. It is understood that the range will be turned over to the 1st Regiment, National Guard of Hawaii, for its exclusive use on the days named in the memorandum.

The system of water-taps on the parade at Shafter has been overhauled and yesterday the parade was the scene of a score of fountains as the result of an effort that was being put forth to revive the badly parched grass that the long-continued dry season has produced.

Miss Jessie Gibbs, the daughter of Capt. and Mrs. George S. Gibbs of the post, has been ill for the past two days with a seizure that was at first thought to be appendicitis but fortunately the fear of that is passed. The 1st Battalion, now on the range, has completed the instruction practice, slow fire, and has commenced instruction practice in rapid fire. The average of score so far recorded has been high.

## WHAT CAUSES COLDS?

This question and "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather but due to a disordered condition of the blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the body better able to withstand the varying elements.

This is the underlying reason why the medicinal fats in Scott's Emulsion quickly overcome colds and build strength to prevent more serious sickness. It contains nature's medicinal fats, so skillfully prepared that the blood profits from every drop, and it is free from harmful drugs or alcohol.

## VINCENT ASTOR MAY BRING HIS BIG YACHT HERE

Will Vincent Astor, one of the richest young men in America, come here with his handsome yacht?

Reports from the Coast differ. Some say that the Astor cruise includes Honolulu, others that the heir to scores of millions will return to New York from San Francisco.

A San Diego despatch says: SAN DIEGO, March 27.—Vincent Astor's palatial yacht Noma glided into San Diego harbor today after an uneventful trip from New York through the Panama canal.

On board were young Astor, his wife, formerly Miss Helen Huntington, Miss Alice Astor, Vincent's sister, and Mrs. Helen Chadwick, a friend. Forty-six sturdy sailors made up the crew. "Beautiful trip," was young Astor's only comment to newspaper men who boarded the palatial yacht. Later he came ashore with his party, all entered an automobile and were whisked away to the exposition.

The Noma will remain in port until Monday, when she will steam for San Francisco. Later the party will go to Honolulu.
